

PROFESSIONAL SUMMARY

Empathetic and collaborative problem solver with a genuine curiosity to truly understand and help others. As a designer, I always find myself asking *Why, How Might We*, and *Does this experience solve the needs of the user?* I am excited to bring my full stack UX skills and unique global perspective to an organization that is poised and moving towards solving global challenges with technology.

EXPERIENCE

DESIGN WORK

March 2017 – Current

- Led a 4 person team in designing the digital layout, typography, graphics for a non-profit client
